---

**Clean Energy Workforce Training Program**

**Performance Outcomes:**

- a. Contractor will serve a minimum of fifty (50) eligible adult workers including a minimum of five (5) co-enrolled WIA youth aged 18 and over. This number includes approximately twenty-five (25) adults in the spring of 2010 and approximately 25 adults in the fall of 2010.

**This Quarter:**

No additional adults or youth enrolled in Quarter 2.

**YTD Achievements:**

In total 58 participants were enrolled in the Clean Energy Workforce Training Program.

- 50 adults
- 8 youth from the California Conservation Corps

**Challenges to Achieving Goal:**

The WIA youth provider did not recruit or co-enroll any participants.

---

- b. Contractor will provide services that result in one hundred percent (100%) being placed in education or training.

**This Quarter:**

No participants placed in education or training.

**YTD Achievements:**

100% of the recruited participants began classes both semesters.

**Challenges to Achieving Goal:**

No known challenges at this time.

---

- c. Contractor will provide services that result in eighty percent (80%) of those enrolled completing training.

**This Quarter:**

No adults or youth completed training this quarter.

**YTD Achievements:**

Of the 58 enrolled participants in the first and second classes, 48 (83%) completed training.

**Challenges to Achieving Goal:**

No known challenges at this time.

---

- d. Contractor will provide services that result in seventy percent (70%) attaining a recognized certificate or degree.**

**This Quarter:**

No additional adults or youth received a Cuesta College certificate of completion in Green Technology this quarter.

**YTD Achievements:**

Of the 58 total enrolled participants in the first and second classes, 48 (83%) received a Cuesta College certificate of completion in Green Technology.

**Challenges to Achieving Goal:**

No known challenges at this time.

---

- e. Contractor will provide services that result in seventy three percent (73%) of those who exit the program being employed.**

**This Quarter:**

Six (6) participants have obtained employment this quarter.

Three participants have been exited this quarter for medical or other issues.

**YTD Achievements:**

A total of nineteen (19) participants have obtained employment upon exit from the Green Tech Program for a total of 39% participants employed.

A total of nine have been exited for medical or incarceration/institutionalized.

**Challenges to Achieving Goal:**

Some adults are enrolled in OJT and are employed but cannot be exited until next quarter. Also, many large solar projects and green building retrofit projects, which we had been told would be hiring in the beginning of this year, have pushed back their hiring date to late spring or early fall. Many of our participants were trained to absorb employment in these fields, which makes employment more difficult in our county.

- 
- f. **Contractor will provide services that result in eighty one percent (81%) being employed in the first quarter after the exit quarter (i.e., retaining employment).**

**This Quarter:**

Of the five (5) participants who attained full time work in Quarter 2, 100% of them have retained their employment.

**YTD Achievements:**

All participants who exited the program have retained their employment for a 100% employment rate.

**Challenges to Achieving Goal:**

No known challenges at this time.
